

Aztec Aquaplex

Project Summary

Cost: \$12,100,000

Square Feet: 125,000 GSF (Site)

Status: Complete

Funding: Associated Students Revenue Bonds

Completion Date: Spring 2007

Project Contacts

Executive Architect: Austin, Veum & Robbins Partners

Design-Build Contractor: PCL Construction

Project Manager: Celeste Manolas

Project Description

The facility hosts three pools: a 50 meter Olympic pool; a 7,500 SQF recreational pool; and 20-person, hydrotherapy spa. Adjacent to the pools is a 4,985 SQF building complex with showers, locker rooms, restrooms, administrative offices, member services, storage and support facilities. A 2,115 SQF mechanical equipment room supports the three pools. The site on the west side of campus adjoins Aztec Tennis Center and Aztec Softball Stadium. The Aquaplex accommodates the Aztec Swimming, Diving and Water Polo programs as well as community oriented water safety programs.

The recreational facilities are operated by [Associated Students](#). Memberships are available through the [Aztec Recreation Center](#), in addition to day passes. See the [Campus Recreation](#) web site for details.
