Status: Complete

Funding: Student Health Fee & Revenue Bonds

Completion Date: December 2006

Project Contacts

Executive Architect: Delawie, Wilkes, Rodriguez, & Barker

Design-Build Contractor: Highland Partnership

Project Manager: Michael Woomer

Project Description

“Calpulli” is the Aztec word connoting cooperative endeavor and aptly describes the Counseling, Disabled and Student Health Services Center. The consolidation of wellness and evaluation services in one convenient, accessible location provides one-stop services for students. This four-story, 69,000 square foot facility includes a 60-car underground parking garage. The center is located between Aztec Walk, a pedestrian corridor, and Hardy Ave, the southern border of campus. The floor plan of services follows:

- First Floor — Urgent Care, Imaging, Accommodated Testing and Pharmacy
- Second Floor — General Medicine
- Third Floor — Disabled Student Services, Optometry, Dentistry, Health Promotion, Medical Records and Information Systems
- Fourth Floor — Health Services Administration, Counseling Services, and conference rooms

See the Student Affairs, [Calpulli Center](#) web page for more information.
