

What to RECYCLE

almost everything!

* all containers, cups, and lids marked - are recyclable ** including: Starbucks, Big City Bagels, and Juice It Up cups

LANDFILL

soiled: plates, bags, & plastic wrap
paper towels/napkins/tissues
chip bags/food wrappers
glass shards or mirrors
plastic straws & utensils
plastic rubber bands & twist ties
plastic bread clips

SPECIAL DISPOSAL

Batteries & Light Bulbs

call EH&S at (619) 594-6778 for proper disposal

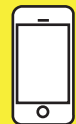

Plastic: Bags/Wrap/Gloves

(clean) reuse, return to store, or drop-off on campus

Surplus

(Toners, Electronics, Books, & Furniture)

call Business Services at (619) 594-0741 for proper disposal

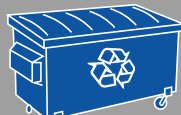

HOW IT WORKS:

CLEAR bag + BLUE bin
= RECYCLABLE

BLACK bag + BLACK bin
= LANDFILL

bins

dumpsters

landfill

MiniBin Program

A new, efficient way to MINIMIZE office waste!

MORE recycling,
LESS waste!

Our new Mini-Bins will be attached to campus recycling bins in faculty and staff offices. Their small size is designed to help divert recyclables from the landfill and encourage sustainable waste disposal!

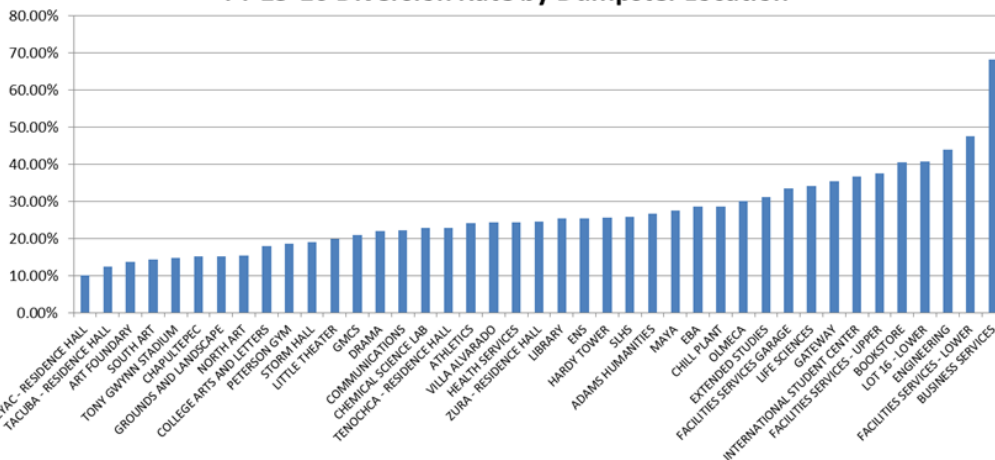

BENEFITS:

- ✓ Reduced trash being sent to landfills
- ✓ Reduced bin liner waste
- ✓ Pest prevention
- ✓ Reduced disposal fees
- ✓ Increased floor space
- ✓ Purchasing cost savings

... and an overall more responsible, environmentally-friendly campus!

Where we are Today: SDSU's Waste Statistics

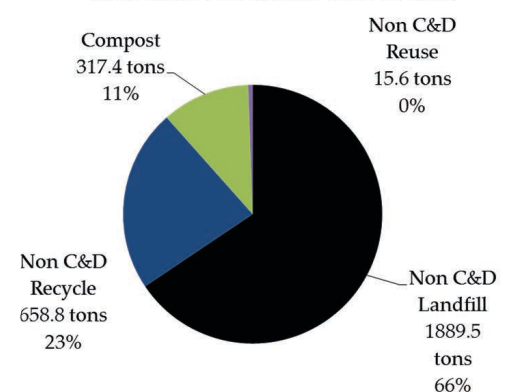

FY 15-16 Diversion Rate by Dumpster Location

On average, our dumpsters only have a **26%** diversion rate!

Only **34%** of all non-C&D (construction and demolition) trash is diverted from the landfill!

Non C&D Diversion (7/15 to 6/16)

So much room to improve!

*Diversion: the amount of waste being diverted from landfills

RECYCLE

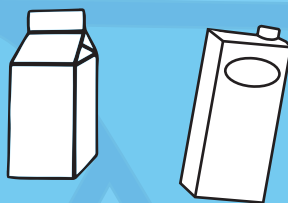

almost everything!

Paper

(non-waxed/lightly-soiled ok)

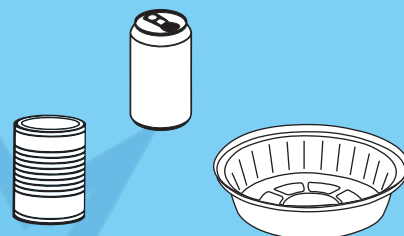

newspaper/magazines
cardboard/pizza boxes
100% paper cups**
paper plates
