TO: Administrators, Deans, Department Chairpersons, Account Managers, and Staff
FROM: Cathy Garcia, Manager, Contract and Procurement Management
SUBJECT: Requisition Submission: Expenditures for Goods and Services Received in the 2008/2009 & 2009/2010 Fiscal Year

IMPORTANT YEAR END PROCESS – PLEASE READ THE FOLLOWING

Fiscal year funds for 2008/2009 expire on June 30, 2009 for goods and services not ordered, received and delivered by June 30, 2009. Carry forward or re-allocation of 2008/2009 funds is subject to divisional policies and practices. Please contact your division’s budget coordinator for guidance on how expired funds will be treated. We strongly encourage submittal of your requisitions well before the dates below to ensure processing and delivery prior to the June 30, 2009 fiscal year end. Requests for goods and services which will be delivered after June 30, 2009 must be charged to the 2009/2010 fiscal year. Contact our office now for assistance in early planning for large and/or multi-step, complex purchases. We are happy to visit department offices to help you plan the processing of such orders. In addition, it is imperative that you continue to monitor your orders closely and notify our department via the electronic final close request form (http://bfa.sdsu.edu/ap/finalclose.html) of any outstanding balances on orders that should be closed. Orders processed in the 2008/2009 fiscal year that will not be delivered until after June 30, 2009 should be cancelled and reordered with 2009/2010 fiscal year funds. These practices enable you to effectively track your accounts, make timely use of available funds and accurately account for purchases and goods charged to the appropriate fund year.

Fiscal year 2008/2009 requisitions received by CPM after the dates below will be returned to the requestor for emergency, health, or safety justification and approval by the appropriate Dean or Administrator. This action will delay processing of your order. Requisitions are processed in date order and there may not be adequate time for late submissions to be processed and goods/services received by June 30, 2009. If that is the case, your requisition will be returned to you for updating the General Ledger Date to 01-JUL-2009 and it will be processed in the forthcoming (2009/2010) fiscal year.

Requisitions for goods or services which will be delivered after June 30, 2009 must be charged to the 2009/2010 fiscal year. The General Ledger (GL) date on each line of the requisition distribution must be updated to 01-JUL-2009 for the 2009/2010 fiscal year to ensure funds are encumbered appropriately. In addition, each line must start with “09/10 FY” so that they will be processed and paid using the correct GL date. NOTE: The GL date (01-JUL-2009) is targeted to be available March 12, 2009 for submission of 09/10 fiscal year orders.

Each request, whether it is charged to the 2008/2009 or 2009/2010 fiscal year will be reviewed on a case-by-case basis to determine urgency of the requirement and the appropriate fiscal year encumbrance. Please contact Cathy Garcia at extension 44723 to discuss your exceptions.
