

## CSU/APC Furlough Program Agreement

### 1. Preamble

- a. The California State University – its employees and students – face an unprecedented reduction in the State Funds necessary to provide access and quality education to those for which the institution was founded. Although a difficult period, new opportunities are now presented for the entire University community to work together to mitigate the impact of budget reductions on both students and employees, and to establish the type of cooperative relationships which can only strengthen and improve the CSU in the future. The intent of this Agreement is to provide a framework for the implementation of furlough plans on campuses and to lessen the impact of those budget cuts on the CSU.
- b. The purpose of furloughs is to lessen the severity of layoffs by reducing compensation costs.
- c. The CSU's guiding principles with respect to this budget crisis are as follows:
  - i. To serve as many students as possible without sacrificing quality; and
  - ii. To preserve as many jobs as possible within the constraints under which the CSU is being required to operate.

### 2. Definitions

- a. The term "furlough day" as used in this Agreement refers to a day on which an employee is placed in a temporary, non-duty, non-pay status for budgetary reasons. It is mandatory, unpaid time off work. A furlough day shall consist of eight (8) hours.
- b. The term "furlough period" as used in this Agreement refers to the week in which a furlough day occurs.
- c. The term "pay status" as used in this Agreement refers to the time in which an employee is working or is on paid leave.

### 3. Furlough Days

- a. Unit 4 employees whose salary is 100% funded from grants and contracts not funded from the state general fund, shall not be subject to this furlough agreement.

## CSU/APC Furlough Program Agreement

- b. Unit 4 employees whose salary is partially funded from grants and contracts not funded from the state general fund, shall be subject to this furlough program pro-rata with the percentage of funds received from the state general fund used to fund that salary.
- c. The President may designate specific furlough days as campus closure days, or partial campus closure days (including reduced administrative services days). The President or designee, after consultation with the employee, shall designate the remaining furlough days for an individual employee based upon the operational needs of the campus. For the purposes of this provision, consultation shall mean that the employee will be given the opportunity to nominate his or her furlough days other than furlough days on which the campus is closed, and that the President will give consideration to the employee's nominated furlough days in making a decision. Furloughs shall be scheduled and taken only as authorized by the appropriate administrator. Employees shall be notified of their scheduled furlough days prior to the commencement of the pay period in which they are to be taken.
- d. Requests for furlough scheduling shall be submitted in writing to the appropriate administrator at least fifteen (15) days in advance of the start of the pay-period in which the furlough day is proposed to be taken. When a request is submitted in writing, the appropriate administrator shall respond in writing, either approving or denying the request, within ten (10) days of the submission of the request. Failure to respond shall constitute a denial of the request.
- e. If a conflict in furlough requests arises, the appropriate administrator shall give consideration to the employee(s) having the longest term of service at the campus provided that operational needs are met.
