

San Diego State University - Project Opportunities

Campus development and maintenance projects create work opportunities for design and consulting professionals as well as general and specialty contractors. New construction and major renovations are implemented under the major and minor capital outlay programs administered by Planning, Design and Construction. To be eligible for upcoming opportunities at San Diego State University, Design Professionals, Contractors and Consultants must be prequalified. The following guidelines provide quick access to prequalification procedures as well as advertisement for upcoming project opportunities.

Architectural Prequalification

A&E Prequalification for major capital project design is conducted during November-March by the CSU Office of the Chancellor for July eligibility of that year through June of the following year. Application instructions can be found here: http://www.calstate.edu/cpdc/ae/prequal/app_for_prequal.shtml
