

ATC Agenda/Minutes 12/5/19

Members in Attendance:

Tom Abrams
Bruce Appleyard
McKenna Avery
Chris Harrison
Jackie Jones
Sarah Mercado
Debbie Richeson
Sherry Ryan
Stuart Stielau

Agenda:

1. Welcome/Introductions
2. History of transportation on campus
3. Why an alternative transportation committee?
4. Committee membership growth
5. Charter from the CO
6. Roles
7. What is next? Red & Black

Minutes:

This meeting was the inaugural meeting for ATC so introductions were made and all members were present. Debbie relayed the history of transportation on campus and our charge by the CO to form this committee. We discussed the charge and our role.

I provided ride data on the Red & Black Shuttle and the background of this service. We discussed the request from Art History & Design to review the Red & Black shuttle route to accommodate students leaving the ART department at night in front of Art and to transport students to P15. The group discussed altering the green line and possible impacts of doing so. It was decided to table the discussion and reach out to the Chair of Art History & Design to request data on how many students are requesting changes to the shuttle since the lighting changes and communication that have been implemented to faculty.

I will follow up with this for our next meeting in February.
